

2017 ISA Prairie Chapter Tree Climbing Championships Saskatoon, Saskatchewan

To all tree care industry professionals,

Please find attached a Sponsor package for your consideration from the International Society of Arboriculture (ISA) Prairie Chapter. We look forward to the opportunity of recognizing your support and/or participation in the annual Prairie Chapter Tree Climbing Championships to be held in Saskatoon SK at Kinsmen Park, August 25-27, 2017.

This is the only competition on the Prairies and will test the climbing arborist's skills at five different events that simulate real working conditions. The top three competitors of the women's category and the top three competitors in the men's category advance to the Master's Challenge. The two winners of the Masters Challenge event will represent the Chapter at the International Tree Climbing Championships in 2018.

Your interest and support of this event would be very much appreciated and will be acknowledged by the ISA Prairie Chapter both on their website and in the Chapter newsletter. Please review the attached sponsorship opportunities package to determine the level that would best fit with your organization.

Thank you for your consideration of supporting and participating in the 2017 ISA Prairie Chapter Tree Climbing Championship. Hope to see you there.
