

The Prairie Chapter Tree Climbing Championship August 26, 27, 2017

Kinsmen Park, Saskatoon

The five TCC events are:

Work climb: Contestants climb to five stations in a tree, performing a different task at each station.

Aerial rescue: Contestants reach and safely lower an injured climber (actually a life-sized mannequin)

Throwline: Tests contestants' ability to accurately place lines 30 - 60 feet up in a tree.

Belayed speed climb: Contestants ascend a predetermined route from ground to about 60 feet.

Secured Footlock: Measures climber's ability to perform 40- 50 foot vertical ascent using double-climbing line
