About the Prairie Chapter and this Event

The International Society of Arboriculture - Prairie Chapter is the premier tree care organization in Western Canada, east of the Rockies. From the prairies to the peaks, we are servicing the needs of over three hundred and fifty members.

Geographically speaking, the Prairie Chapter is one of the largest chapters in this world wide organization and, we are the main provider for professional educational opportunities and the best forum for networking arborists in Manitoba, Saskatchewan and Alberta.

We hold an annual conference and an annual tree climbing competition that brings together the best professional tree service providers in private practice and the utility sector, as well as municipal arborists from all the major cities and towns in the Prairies.
